Dartmouth AFC Cookie Policy

About this policy

This policy explains how Dartmouth AFC uses cookies and similar technologies on the website at https://dartmouthafc.club. Dartmouth AFC is an amateur community football club based at Longcross Football Ground, Townstal Road, Dartmouth, TQ6 9LW.

For questions about this policy, contact the club on 01803 832902, through Facebook or on X at @DartmouthAFC.

What cookies are

Cookies are small text files stored on your device when you visit a website. Similar technologies, such as pixels or local storage, can store or access information on your device too. They may help a website operate, remember choices or understand how visitors use it.

Cookies and similar technologies used on the website

The website may use the following categories of cookies and similar technologies.

Strictly necessary cookies

These are essential for the website to work properly, maintain security and support online payments for club memberships and donations. They may be needed to remember your choices or keep a payment process working securely.

Strictly necessary cookies do not require your consent and cannot be switched off through the website's cookie settings. You may be able to block them in your browser, but parts of the website or its payment functions may then not work correctly.

Analytics cookies

Analytics cookies help the club understand how visitors use the website, such as which pages are visited. This information can help the club improve the website. These cookies are set only after you give consent through the website's cookie banner.

Embedded content cookies

Some pages may include content or services from other providers, such as Facebook posts, X posts or what3words location content. When embedded content loads, the relevant provider may use its own cookies or similar technologies. These are set only with your consent where they are not strictly necessary.

Third party providers have their own cookie and privacy policies, which apply to their services. A link that takes you to a third party website does not itself load that website's content on this website. The third party may use cookies when you visit its service.

Your consent choices

The website's cookie banner lets you consent to non essential cookies. They are not set unless you give consent. You can change or withdraw your consent at any time through the cookie banner, where available, or by changing your browser settings.

Withdrawing consent does not affect the lawfulness of any use that took place before you withdrew it. Strictly necessary cookies remain in use because they are needed for the website to operate.

Managing and deleting cookies

You can use your browser settings to review, block or delete cookies. Chrome, Safari, Firefox and Edge each provide controls for managing cookies and website data. The wording and location of these controls may vary between browser versions. Your browser's help pages explain how to manage these settings.

Blocking or deleting cookies may affect how the website works, including its payment functions and embedded content. If you use a different device or browser, you may need to set your preferences separately.

How long cookies last

Session cookies usually end when you close your browser. Persistent cookies remain on your device until they expire or you delete them. The length of time a persistent cookie remains depends on its purpose and the provider that sets it.

Personal information

Information collected through cookies and similar technologies may include personal data. The Dartmouth AFC Privacy Policy explains how the club handles personal data and your rights. It is available on the club website at https://dartmouthafc.club.

Changes to this policy

The club may update this policy from time to time to reflect changes to the website, the cookies or similar technologies used, or applicable requirements. The updated date for this policy is 3 November 2026.
